02 October

Amphi PGG

Anthony Leverrier, researcher
Inria Paris

«**Correcting errors for quantum computers**»

09 October

Room 454A

Aymeric Delteil, CNRS researcher
Université de Versailles Saint-Quentin-en-Yvelines
«**Single-photon sources in 2D materials for
photonic quantum technologies**»

06 November

Halle aux Farines
Room 238F
(different building)

Audrey Bienfait, CNRS researcher
ENS Lyon
«**Towards a quantum memory based on hybrid
spin-superconducting circuits**»

27 November

Room 366A

Julien Laurat, professor
Sorbonne Université
«**Quantum networks: Distributing
entanglement**»
